

## Alliance/MFG

### (MRP) Software

#### Overview

Alliance/MFG is a complete Material Requirements Planning (MRP) software system to automate and streamline every aspect of a business.

#### Highlights

- Automatically generates regulatory reports
- Determines all aspects of materials purchase (what, when and how many)
- Immediately reports sales, purchase and production history
- Provides unparalleled flexibility
- Supports a variety of manufacturing modes and combinations, including make-to-stock, make-to-order and assemble-to-order
- Interfaces with popular accounting packages including SAGE, Pegasus and TAS Books
- Includes MRP as well as “rough cut” Capacity Requirements Planning (CRP) to give businesses even more control

#### Benefits

Alliance/MFG gives small manufacturers the tools they need to be successful and to grow their business. It provides an excellent method of tracking processes and costs because it acts on manufacturing data rather than just storing it, as is common with spreadsheets and databases.

#### Informs

- Determines what materials are required and when – even if material requirements change frequently
- Tracks materials and parts with a serial or lot numbers
- Provides information needed to make informed decisions for purchase planning and production scheduling
- Tracks sales vs. purchase commitments
- Determines stock visibility accurately
- Provides data that enables employees to quickly respond to customer demands

### MXI Consulting

## Controls Costs

- Maintains cost-effective inventory levels
- Reduces cash required to run a business whilst meeting orders, making on-time deliveries and lifting satisfaction levels
- Displays costs incurred in production
- Offers low-cost, entry-level software program

## Increases Productivity

- Improves productivity factory-wide  
(Some clients have Increased production by 40%!)
- Use staff more effectively in Sales as opposed to Administration tasks.

## Increases Efficiency

- Reduce the amount of cash tied up in Stock by 65%.  
Improve delivery times up to 98% on time delivery
- Eliminates duplication by quickly converting quotes to sales orders, to purchase orders, to production instructions
- Reduces Stock holding by up to 50%
- Eliminate stock shortages and shrinkage

### Operating Requirements

PC-Based Manufacturing Software  
MXI Alliance / M

### System Requirements

Windows Server,  
XP or Vista Desktops

### Service and Support Available

Technical Support  
Installation and setup  
Maintenance  
Application Support  
Hardware Support  
Guaranteed Warranty
