Dear Graham,
Just a quick note to say that I have no hesitation in recommending MXI software and the Alliance MFG package you support. We have been customers of MXI for nearly 7 years now and have been able to rely on very quick, responsive support whenever we've needed it, with MXI invariably providing solutions that get the problem corrected with minimum downtime. The Alliance system is critically important to the running of our business and has made a very significant contribution to our ability to respond quickly to our customers requests. Due to our increasing activity on Alliance we changed from the Access database option to the Sequel option and this has been a great success.

Sincerely,
